01 OVERVIEW

Sky Tech Services, LLC is a small business headquartered in Towson, Maryland, and a NASA SEWP VI contract holder (80TECH26D0285) in Category C – Mission-Based ITC/AV Service Solutions.

About SEWP VI

Solutions for Enterprise-Wide Procurement (SEWP) VI is a multiple-award Government-Wide Acquisition Contract (GWAC) managed by the NASA SEWP Program Management Office (PMO). It provides Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services to federal agencies and their approved contractors.

Category C Scope

Category C covers mission- and program-level ITC/AV service solutions. Product-only requirements fall outside Category C; ancillary products may be included when they support a mission-based services requirement. Fair opportunity is provided at the order level in accordance with FAR 16.505(b).

What Sky Tech Supports Under Category C

- AI and automation
- Data analytics and data governance
- Cloud and application modernization
- Cybersecurity
- IT service management
- Accessibility (Section 508)
- Program and project support integral to the ITC/AV requirement

02 HOW TO OBTAIN A QUOTE

1 Submit your request

Send RFIs, Market Research Requests (MRRs), and RFQs through the NASA SEWP Quote Request Tool (QRT) at sewp.nasa.gov. The QRT is the recommended method for distributing requests and documenting the procurement.

2 Receive Sky Tech's quote

Quotes for Category C requirements are returned through the QRT. Each quote states its validity period, and Sky Tech honors any order placed within that period.

3 Ask questions anytime

For questions on a quote, capabilities, or an active requirement, contact Sky Tech SEWP VI Order Support:
